EXTERNAL FABRICATION ACTIVITIES

23rd August, 2018

Shri. GK Pillai,
Managing Director & CEO,
M/s. Walchandnagar Industries Ltd.,
Walchandnagar.

Dear Sir,

Kindly accept our "Heartiest Congratulations" for completing the delivery of **S200 Nozzle End Segments** required for the most important **GSLV MkIII-M1 mission** scheduled for January 2019. We are happy to note that NES-09 has been dispatched today in the early hours just before sunrise ahead of schedule setting up a new benchmark. This has been made possible only with tireless efforts of entire WIL community working hand-in-hand with VSSC team. Kindly convey our acknowledgments and appreciation to the entire work force.

At the same time, we would like to inform you that the forthcoming launch schedules for 2019-20 & 2020-21 calls for increased deliveries of S139/S200/PS0M-XL motor cases. We almost require one set of S139 End Segments every month and 4 sets of S200 hardware annually now onwards. Also, we are in need of increased delivery of PS0M-XL motor cases from the current rate of 12 per annum to 18 per annum. We are aware of the initiatives taken by M/s. WIL to augment the required facilities/manpower to meet this increasing requirement. We request you to depute your team to VSSC for a discussion on the subject and the schedule for the same will be intimated shortly.

We are sure that WIL will meet all our demands in future also in terms of quality and schedule.

Thanking you,

With warm regards,

(P. SANKARAVELAYUTHAM)
General Manager, EFA/MME/VSSC.
