2. While the overall operating revenues in Q4FY19 compared to Q3FY19 increased by 3.4%, revenues from our Core businesses grew by 10.6%. Further, the total order book (excl. Foundry

& Instrumentation) as on 31st March, 2019 stood at INR 822 Crore (compared to approx. INR 805 Crore as on April 1st, 2018) with approx. 56% by value comprising of orders from our Core Business.

Business Review:

Performance highlights:

- We continue to see significant traction in our Aerospace business and high order-booking visibility going forward. Aerospace revenues grew 18.5 % Y-o-Y in FY18-19 as compared to FY 17-18.
- Achieved INR 6545 lakhs of turnover (highest in WIL's history) from the Foundry Division for FY18-19.
- In the Defence business, WIL delivered the first gearbox as part of the Goa Shipyard order of 10 Offshore Patrol Vessel Gearboxes being built for the Indian Coast Guard (the first of its kind as part of the "Make in India" program).
- Sale of 145 centrifugal machines in the FY18-19 (a 72% increase compared to a total of 84 machines sold in the entire fiscal year 2017-18).

Outlook:

- The Company continues to be very excited about the ongoing momentum and its growth potential in the aerospace industry in India.
- The Company is well positioned to capitalize on the upcoming opportunities in the Nuclear Power sector wherein the process of tendering for core equipment is set to gather pace.
- In the Centrifugals Machines business, the Company is poised to fully tap into the exports market and thereby further improve volumes and profitability
- In the Defence business, Successful manufacturing and dispatch of the first Offshore Patrol Vessel gearbox puts WIL in an advantageous position to address similar opportunities in the Marine Gearbox segment.
- Commissioning activities have been completed at 5 TNEB sites out of 12. The balance 7 sites are planned to be commissioned in a phased manner over the next 18 months.
